ACCIDENT AT A CHILDREN'S PICNIC.

A number of Birmingham children who had been taken for a picnic in Sutton Coldfield-park, yesterday, narrowly escaped a serious accident. They were taking tea in relays of 4,000 within a large building known as the Crystal Palace, when the floor of the outer hall collapsed. Between thirty and forty children were thrown under the rubbish heap some 10ft. below. A detachment of the Birmingham Medical Corps, which was in attendance, rendered timely aid, and none of the children appeared to have sustained very serious injuries.

Keeping for a slight shower the weather at Douglas yesterday left nothing to be desired. The day was sunny, and there were moderate breezes.
