

LOST BALL ENDED GAME

Farcical position at Copley

A lost ball brought an abrupt end to Old Town "A" team's game against Waller Bros. at Copley last Saturday.

Old Town had knocked up 150 runs for five wickets when the ball was sent into the river which runs alongside the ground. The home side did not have a spare ball and Old Town had lost two of their practice balls in similar fashion before the game commenced. No effort was made to secure another ball by the home side and the umpires had no option but to end the game.
