

Triangle.

This field is also situate by the river side, near to Stausfield hill (Morris's). - It measures 220 x 75 yards, having a laid crease 40 x 40 yards, seating accommodation for about 100 and an old & somewhat dilapidated pavilion.

The crease is good and the outfield the same, the chief drawbacks being the narrowness of the latter, and the bad light owing to its being - surrounded by hills & trees.
