

LET'S FACE IT!

Calling all cricket fans!

Cricket history has now entered the 21st century, with the arrival of the Cricket Heritage of Calderdale and Kirklees group on the Facebook social networking site.

The group has been created to encourage people to get more involved interactively with the pioneering cricket history project. It gives users the opportunity to keep up to date with the latest project events and news – and also gives them the opportunity to chat with others who share the same interests and actively take part in related discussions.

The group aims to attract new people who have a passion for cricket and local history. Project leader Dr Peter Davies said, “Facebook is the thing of the moment, it’s trendy, fashionable and everyone is on it, particularly young people. I want people to be aware of what we’re doing, get in touch, leave memories and make contact.”

To become a member of this group, you will need to become a member of www.facebook.com. Just type the group name (Cricket Heritage of Calderdale and Kirklees) into the search engine. Alternatively, a link is available on the project website, www.ckcricketheritage.org.uk – just click ‘FACEBOOK’!

When asked what the Facebook link will bring, Dr Davies responded: “Who knows? I’ve got a feeling that some of the outcomes might be very unpredictable! I can’t imagine - which is part of the fascination.”

For more details or if you have any information about local cricket history that you would like to share, please contact Dr Davies via p.j.davies@hud.ac.uk or 01484 472405.
