### MINERS & METHODISTS

**Shedding a Bad Habit**

A Methodist, like the founder of this movement, John Wesley, was known for his strict adherence to the rules of the Methodist Church. He was a strong advocate of temperance, and his efforts led to the establishment of the first temperance societies in the world. In 1800, he wrote a book titled 'The Principles of Temperance', which was widely read and influenced many people to give up drinking alcohol.

John Wesley

A Methodist prayer book was published in 1780, and it was the first of its kind. It was a significant step in the development of the Methodist Church, and it helped to unify the various Methodist societies that had been formed across the world.

The Methodist Church, in 1780, was a small and struggling denomination. It was founded by John Wesley, who had been converted to Christianity in 1738. He had a vision of a more practical and active form of Christianity, and he set out to create a church that would be accessible to all people.

Wesley's vision of a more practical and active form of Christianity was a radical departure from the traditional view of the church. He believed that everyone should be able to have a personal relationship with God, and that the church should be a place where people could find support and encouragement.

### LADIES' MOVIE

Spring is back and it's time for a new season of... Ladies' Movie.
