

## Minutes of the A.G.M. held on Monday 21 January 1991 in the Clubhouse

37 members were present and apologies were received from Messrs G Sharp, L Dyson, J Bell, P Daveney

The minutes of the last AGM held on Monday 22 January 1990 were read and passed as a true record.

### President's Report.

Mr Chairman, members of Bradshaw Cricket Club and friends. The agenda says President's Report but I want to say that I see my role as President as one of friend and encouragement.

It is important to remember that we must function not as 1st 2nd or Senior Team players but as members of Bradshaw Cricket Club and we must be proud of this fact.

I see all the teams as a whole and rate the opening batsmen and bowlers, alongside the 11th man together with the scorers, the ladies who make and serve the teas, our supporters and friends I feel, are all equally important and one cannot function properly without the others.

As cricketers it's odd to think about "goals" but I want us all to have a goal for 1991 and that is that we aim, together, to make Bradshaw Cricket Club one to be proud of.

I want to thank you all for what we have achieved together in the past and at the same time encourage you to go on with renewed vigour and determination as we begin a new season together.

The report was read by Mr T Wynne Senior Vice President who went on to say that in the coming season there was no reason why the 1st XI could not lift the league. He continued by suggesting the club hold a meeting to discuss the junior cricket within the club as this will be a problem during the 1991 season.

## Secretary's Report

The secretary Mr P Mallinson reviewed the 1990 season of the field the new club house has proved a God send to the club finances, lets hope more people will use the facility. Thanks must go to the faithful few who built it, drink in it and also serve and clean it. The ladies committee again gave us the best teas in the leagues, however the numbers are dwindling, more ladies are required to help out. Joe Doherty and his fund raising committee must be thanked for there efforts.

On the field it was a disappointing season after promising much at the start of the season we gradually fell away. Steve Bells injury did not help, though Joe Doherty has to be congratulated on his efforts. The second team again failed to fulfill there potential.

All prize winners are to be congratulated on there efforts.

Finally on a more controversial point, the new committee will have to give great thought to club policy on selection. Now that second teams are to be relegated I foresee problems with keeping our juniors interested in the club. Can we really expect them to turn up, field at 3rd man, but 10 or 11 and not Ball. Lets hope we can attract them and keep them at our club.

## Treasurers Report

Whilst going through the Accounts the Treasurers pointed out that the account period only covered 11 months.

### Income

Building Society interest was down, we spent more money more frequently. Subs were up because we had more social members. Match fees were the same. The Meat raffle was replaced by the 50/20 club the Chairman has to be thanked for his efforts. Accounts do not include this years Christmas draw.
