Mr. T. Wynne,

Highroad Well,  
Halifax.

Dear Mr. Wynne,

We thank you for your letter of the 11th. inst. giving information of the request you have received for making of a car park behind the Cricket Pavilion.

The Cricket Club (as tenant of the cricket field) has no authority to sublet any part of the field, and therefore any arrangements would have to be made between Messrs. Websters and ourselves. Should any such request be received we will have further communication with you before making any definite arrangements.

We do not feel disposed to offer the cricket field for sale. Furthermore we should have no access to the three fields on the south side which are at present agistment for Elderlea Farm.

The success of the Cricket Club has always been our wish, and we feel you need have no worry or feelings of uncertainty when you carry out your improvements.

Yours faithfully,

Daniel Fielding Sons.
