..and a couple for Adrian:-

So, what's to be expected in this latest ~~ego trip~~ issue ? Well, not an awful lot, really. The euphoria of the end of the season has collapsed into a sort of black hole of inertia resulting in a complete absence of material being forthcoming, so in much the same way as radio 4 has long periods of silence to fill the day up a bit, your super soaraway Stumps will be pursuing a policy of leaving large gaps in the

text to make things look a bit more respectable from the outside. But fear not, there are still some not-entirely-rubbish bits, including :-

- * More hatchet jobs on decent folks' good characters !
- * More strangely familiar cartoons !

* More dodgy space-filling tactics !

*and LOTS LOTS LOTS of things pretty much the same as usual.

Bye Bye !

Miscellaneous Notes dept.

And now the difficult task of trying to think up enough text to fill the remaining bits of this issue that I haven't managed to fill so far.

First and foremost, congratulations to Stuart and the rest of the first team for a superb season's performance. They led the Second Division for the majority of the season (if not all of it), only lost two games, never gave away six points, and were a pleasure to watch.

League dominance was matched by two very good cup runs which, with a little more luck (or a little less bad luck), could have been even more successful than

they eventually were.

Excellent all-round team performances were coupled with some fine individual efforts, notably from Paul Reynolds and Andrew Ingle, who both finished top of the League averages.

The team spirit was, as ever, tremendous and it is to be hoped that this will continue into next season when things will not be quite so easy. However, it seems to be the general opinion that the team now are better than they were two years ago, and should not have too many problems coping with the top flight, where the winning captaincy pairing will remain at the helm.

In all this adulation, let's not forget the second team, who also had a very good season and
