

## Shelf.

This field is situate just behind the Shoulder of Mutton Inn at the junction of Carr House Lane and the Trimpita Road from Halifax to Bradford along the latter of which the Bradford town is run.

The field itself is a large square field measuring 120 x 140 yards & having a laid crease 50 x 40 yards. The crease is in good order & evidently well looked after but the outfield is very rough & uneven in surface. There is a good pavilion (new) and a little seating accommodation.
