

FINALS AND FOOD

Ken Wilson on red-letter days

I don't remember the 1953 Parish Cup final, but the club did play in lots of big games and finals.

I do recall the club's centenary celebrations of 1962. There was a commemorative match – with lots of good food, as I remember!

Over the years I think the quality of cricket in the Halifax League has improved. The social side of the game has also become more prominent and the facilities better.
