

# MAKING MONEY

## Michelle Oates on the economics of teas

Teas at Warley make money. Years ago the Ladies Committee would keep the money they made and at the end of the season donate some but also keep some back.

Now there's no Ladies Committee – so all the money is just given over to Neil Lambert for the club.

In 2007 and 2008 we had some pretty bad weather so teas didn't make as much money as they might have done. They just weren't as lucrative.

On a good weekend you can take £120 or £130 but out of that you've got to take money out for the shopping. In general we buy the sandwich fillings but donate anything we bake.
