Dear Mr. Dickens,

Re: Shepley Bed Push 1990

We wish to confirm the verbal arrangement that we can hold next year's Bed Push/Carnival at Shepley Cricket Ground on Sunday 24th June and would be grateful if you could confirm this in writing.

Yours sincerely,

Dear David,

Your letter dated 5th March has brought back memories of Shepley and the superb people who live there.

The prospects of coming over there were bright until you mentioned that the fixtures could only be organised between 20th and 27th July. Actually we have fixtures in London from 1st July to 11th July. Hence it is quite unlikely that I will be coming North.

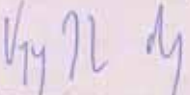

However I shall definitely get in touch with you and see if it is possible to make a flying visit to have a drink at 'Farmer's Boy'.

You will find enclosed a letter from my good friend and International figure whose credentials are self explanatory. I am positive that he could be invited either by our club or the League Committee to umpire matches.

This would definitely add colour to the cricket games and the pub on Marsh Lane. He is basically coming there for experience. However, it is imperative that his cost of travel and stay is covered by the remuneration he receives at the matches.

You may kindly convey the love and regards from Parisa and myself to all the members of the club.

Hoping to hear from you soon.
