

PROFESSIONAL TOUCH

Sue Amos and Christine Spence on club name tags

We have special 'East Bierley' name tags for all our sandwiches. So all the players can see what the different fillings are!

Tony Bannister, Bev Horsfall and Judy Savile helped to make them – and we also picked up some while on holiday in Spain. We thought, 'They could be useful!' We hope they add a professional touch to our teas!

We do about a dozen types of sandwich filling, including ham salad, corned beef, turkey, salad, cheese, egg, tuna, salmon and prawn. We also make sandwiches to order.

And our cheese and tuna sandwiches – cheese and tuna together – have been a popular innovation!

We're aware that some players have special dietary requirements – some teams have Asian players, for example - so we always do a vegetarian option.
