

# NEW PAVILION

## Bob Edinburgh on recent changes

There have been a few changes at the club in recent years. The new pavilion, for example. The lads have worked really hard on it.

Before, all we had was an old railway carriage and portakabin. There was no running water and no power.

Now we've got lights and a generator. I quite like the facilities. They're not plush – we just couldn't afford that. It's been hard work.
