

ALL-RUN FOURS!

Dennis Baldwin on Highmoor Lane

Highmoor Lane is one of the few grounds in the Bradford League that is more or less flat. It's also a decent size. You can run a three on this ground, which can't be said at many others.

In fact if there are misfields, or if you hit it right into the corner near the car park, you can probably pick up an all-run four. This isn't going to happen often but it's certainly possible.

You've got to work for your runs here. The boundaries aren't short and so runs are worth something. The Bradford League bonus points system is an issue here. It's not that easy to pick up points on a large ground like Hartshead Moor because runs don't come as easy.
