

# FRUIT EXPERIMENT

## Nicola Sutcliffe on being a tea lady

The new pavilion is great. We've got a dishwasher in the kitchen, a fridge-freezer and extra storage space.

As tea lady I've tried to introduce a bit more fruit into the cricketers' diet. And I'm glad that today only three apples came back uneaten!

There's about 12 tea ladies in all – and each one does teas twice a year.

I've come to like cricket – and this summer I'm going to Old Trafford to see one of the 20/20 internationals against Australia.
