

CLAY AND MOWERS

Malcolm Ellis on doing the ground

Matt Jones has now taken over as club groundsman. He's the main man – I just pass on bits of advice when needed!

We used to have one 24-inch mower; now we've got four different mowers.

The playing area is pretty narrow. It was even narrower in the past but we bought land off the local farmer to extend it. 10p a yard, I think it was!

There's lots of clay in this area – blue clay mostly. And this causes a bit of a drainage problem.
