

NEW PAVILION

Averil Littlewood on her husband Ken

My husband, Ken, built the new pavilion – anything was going to be better than the old pavilion!

For one season, the club had no changing rooms, so the players used the local chapel. We also did the teas in the church.

I'm very proud of what Ken helped create – he also helped with the new clubhouse at Denby Dale.

I think Cumberworth was the first Lottery-funded pavilion in the area.
