

ROPED IN!

Doris Brook on her sporting loves

I'm a Leymoor person and live very close to the ground. I look uphill to the field - and I can always see when kids are up to no good on the square!

I'm a big sports fan in general terms. As well as bowling, I enjoy watching snooker and darts on TV – and football under duress!

I've been coming down to Leymoor for 30 years. My husband was the groundsman and my son Jonathan plays as well. I think I got roped in through them to do the teas.
