

BALLS AND WALLS

Bob Haigh on Westerley Lane

The pavilion used to be at the top end of the ground. There was lots of rough grass in those days – and plenty of lost balls on all sides.

The two walls – to the left and right as you look out from where the club buildings are now – were built many years ago. The man responsible was Samuel William Fitton.

Today we get on well with the householders to the left as you look out but occasionally we've had to think about putting a net up. What happens if a window gets broken? I'd like to think that the club wouldn't be responsible given that we've been here for over 100 years.
