Teas may be ordered prior to the tea interval, but please could we ask, any teas ordered prior to the match, are collected after the players and officials have been served. We are only allowed a 30 minute turn around for the players and officials. Thank you for your patience.

Drinks are available most of the day, just ask if no-one behind the counter.

The above may vary week to week, and if you have any suggestions for something which you would like to have, please let me know, and I will try to accommodate.
