

CRICKET ENTHUSIASTS

There are now nearly fifty lady members of the Mirfield Cricket Club. They are proving a very useful addition to the club for not only have they made the club flag, but they have also arranged social events to add to the club's funds. Who knows? Once the men's teams are properly established, there might even be a ladies' team! At the cricket lecture given by Wilf Barber at the Modern School this week there were four young ladies taking down notes of points made by Mr. Barber. At one time he asked the young lads a question on the l.b.w. rule. None of the boys could answer it but one of the girls could. The same girl also asked a question on the shoulder position of the "googly" bowler.

Betty.
