## John Vickers on being club treasurer

I've been club treasurer for 23 years. I come from Bolton originally but I came to Todmorden in 1980.

I was a bank manager by profession and became club treasurer in 1984. I was asked if I'd be interested in doing the treasurer's job – and I've been stuck with it ever since!

Being treasurer is a time-consuming job. There's the cricket side, the bar, the tea room – it's like a small business.

As treasurer I coordinate and oversee the collection of all monies. I check the bar takings and gate money at the end of each week and bank it all. I do a lot of the paper work on my PC – we're fully computerised!
