

IN THE BAR

John Vickers on club turnover

In a typical year the turnover of the bar is around £100,000. And the club will earn £50,000 from other sources.

I think that in the context of the Lancashire League Todmorden is average size – it's not the biggest or the smallest club.

I suppose clubs like Bacup, Nelson, Burnley, Rawtenstall and Haslingden are bigger in terms of bar takings, but we don't do too bad.
