

62 YEARS AND COUNTING!

Norman Stansfield on Tod and Hebden

I first came to the club on a regular basis in 1946 but my father had probably brought me along earlier than that. So that's 62 years a fan and spectator – bar two years when I did National Service. I think I missed Frank Tyson (below) while I was away!

I've been a general committee man and treasurer at the club. Up to 2003 I was also the club's accountant. I was a chartered accountant by profession so I was happy to help out on the financial side.

I was born in Todmorden but moved to Hebden Bridge early in my life. However, I've always identified with Todmorden CC, even though I have lived elsewhere.
