

HOPTON AND HUTS

Malcolm Clegg on joining the club

I'm Mirfield born and bred – Hopton and Sunnybank Road. I started playing for Mirfield Parish in around 1960/1. In those days the scoreboard was a wooden hut in the corner. There was no fencing round the ground. That came in the mid-1990s.

It was just open – and there were no umpires rooms, for example. But the playing area itself was quite similar, the same kind of size.

I played a lot of football when I was young. But I've always been very involved here. I've served as secretary on the club committee, while Brenda, my wife, has been treasurer.
