

RACING ON TV

Peter Hardy on the club's social role

The club has an important social role. With the White Bear closing down nearby, I think we may be the only licensed premises between Birstall and Morley!

So we're very much a social club and pub at times. The TV in the bar is always showing horse racing and we've got a few racing nuts in the room as we speak. They're always talking tips and betting!

I'd say most of the 2nd XI players are local, but the 1st XI attracts players from further afield.
