

FRIENDLY ATMOSPHERE

John Atkin on getting involved at the club

There's a friendly atmosphere at the club and a really good set of people who watch and follow our teams. It's strong on senior and junior cricket and it's very much at the centre of the village.

I came down here to watch the senior teams with my two boys. We used to mess around on the boundary. Then one of my lads said he'd like to get involved with the Under-15s and he started playing.

I took the Under-12s for coaching and took them to games. They were a good group. And I'm now involved with the Under-13s.
