

MUCKING IN!

John Atkin on the Oxford Road ground

I love it here and I'm now a committee member, I got voted on and it's alright. The people are good people and everyone mucks in.

We've been painting one of the fences and doing other jobs on the ground. It's hard work but we manage things between ourselves.

The ground is good for batting on. The outfield is flat and fast and it's a nice place to play. There's a lovely friendly atmosphere at the club.
