

NEW CHALLENGE

Mick Baldwin on being in the Bradford League

Being in the Bradford League is great for any club. We joined in 2000. It's the strongest league in the area – the Yorkshire League may disagree! - and we're pleased to be competing in it.

We had won a few titles in the Central Yorkshire League and, basically, we had nowhere else to go. You've got to challenge yourselves.

Our local derbies are against Spen, Cleckheaton, East Bierley and Hartshead Moor. Keighley is probably the furthest we have to go in the Bradford League. But, of course, the juniors don't have to travel as far.
