

# FAMILIES AND FACILITIES

## Mick Baldwin on the nature of the club

Gomersal is also a very family-orientated club. The cricketers come with their girlfriends and wives – and they all get involved. Our facilities are a big asset and I think visitors are always impressed.

There's a big social side to the club. We've got good facilities, Sky TV and horse racing is always on the TV! We let out the clubhouse for occasions such as weddings.

We have a number of women on the club committee. They all work very hard behind the scenes. We've also got a female coach – Laura Greenwood, who coaches the Under-13s.

We've got some good, committed and dedicated junior coaches. We have 70 kids down here on Friday nights, which is great for the future of the club. And all the coaches are volunteers – it's amazing.

It's a good environment. The coaches enjoy coaching and the kids enjoy playing the game. We're getting the kids off the street and they're enjoying sport, which has to be a good thing.
