

BUILDING BLOCKS

Ann Greenwood on the new clubhouse

We've now been planning our new clubhouse for 18 months or so, and fundraising before that.

We've now got plans and drawings and we've got to raise £500,000 in all. We'll be applying for grants and hopefully our Clubmark accreditation will give us a headstart. We have community links that should work in our favour, including football, Scouts and Brownies.

The setting is lovely: there are cows nearby and lots of peaceful rural views.
