

# COLLIS AND JAFFER

## Phil McKirgan on the club

The McGraths have been key people. Anthony was a junior here and we still hold his registration; and Dermot, his brother, was a very successful skipper who won lots of titles before retiring. Terry is their dad and he still comes to watch.

We've had our share of overseas professionals, including Collis King and Jaffer Nazir (above). This year we've decided to go without. We want to concentrate on youth, get back to basics and nurture our own local talent.

Nick Cook – the future England spinner - also played here as a youngster.
