

# A LOT GOING ON

## Phil McKirgan on the club

There's a lot going on; the club is very active socially and is open throughout the week.

It's a cricket club but it's also a social club. A community centre too – the local school and voluntary groups hold events here. The club is pretty independent within the village. There's no link to the church or the local pub.

We got a big grant in the 1990s and that enabled us to do a lot of building work.
