

SMALL AND SPECIAL

Derek Pickford on his involvement at the club

I've been involved at the club for 25 years and I've been president since 1989.

Denby is a special club. It's small and very family-orientated. It's also well run. Howard Moxon is very important here: he's been a magnificent servant of the club. He's currently club secretary but he's done lots of jobs over the years. He's the no.1 man! Keith Burdett – formerly a player - also does a great job as treasurer.

We are Denby Sports & Social Club; the village football club is also based here. We have a number of vice-presidents. One of their jobs is to encourage sponsorship and donations from local businesses.
