

Alvingworth St. Mary's.

This field is situated behind the vicarage, about 3 minutes walk from the church. It measures about 140 yards x 110, having a laid crease 50 yards x 40 and seating accommodation for about 50.

The crease is very good though the outfield is only moderate. It would however be much improved by raising off the hill on the top side the crease & filling up the hole on the bottom side.

See page 34 for Supplementary report.
