## STAINLAND WIN THE CUP.

Stainland won the Halifax Parish Challenge Cup on Saturday with comparative ease. Nelson batted first, and they made an exceedingly bad start, losing eight wickets for only 26 runs. Indeed, it looked as though the game would be over well within an hour, but at this stage the brothers Sunderland made a good stand. Harry, who had been in from the first, played carefully all through, but had no one to retain the opposite end until the appearance of his brother. These two took the score to 49 before Harry's leg stump was sent flying by Webster. The retiring batsman had 22 to his credit, whilst his brother came next with half that score.

There were four ducks on the Nelson side, due to the splendid bowling of Webster, whose average is well worth repeating. He bowled right through the innings and finished with the following record:—16 overs, 10 maidens, 6 wickets, 10 runs. Nelson were dismissed for 63.

On behalf of Stainland, Lister and Barker commenced operations, and, rather oddly, each scored 16, and then retired, the former being run out, and the latter falling a victim to a catch by Jagger, off Hartley. Binns (10 not out), Whitwam (12), and Furness (9, not out), with the assistance of four extras knocked off the score, and Stainland won by 7 wickets. They deserved their victory, for many have been the plucky fights they have made to get possession of the trophy. The result of Saturday's match is a fair criterion of the respective merits of the teams engaged.

Immediately the winning hit—a four—was made, there was a general rush to the pavilion, where the cup and medals were presented by the Mayor, Alderman W. Brear. The ceremony was brief. The chair was occupied by Councillor G. Tyson, who at once called upon the Mayor to make the presentation. In asking Mr. Gledhill, captain of the Stainland team, to accept the cup, he complimented both teams on the manner in which they had played, and trusted that the losing team would some day be the victors.—Mr. Gledhill, in accepting, made reference to the sportsmanlike manner in which Lord Nelson had taken their defeat, and also hoped that some other time they would have the honour of winning the cup. Last year the Mayor, in presenting the cup to King Cross, said he hoped he would have the pleasure of presenting it to Stainland next time. Stainland had taken his advice.—The Mayor then presented medals to both teams, each player on receiving the same being applauded.—On the proposition of Mr. P. Farrar, seconded by Mr. Waring, the Mayor was thanked for his services.

Then the crowd dispersed, and Stainland carried home the cup in high glee.
