

CRICKET AND COMMUNITY

Local, National and Global Perspectives

A MAJOR INTERNATIONAL CONFERENCE

ORGANISED BY THE UNIVERSITY OF HUDDERSFIELD CRICKET RESEARCH CENTRE

THURSDAY 14TH & FRIDAY 15TH APRIL 2011, CASTLE HILL SUITE, UNIVERSITY OF HUDDERSFIELD

Huddersfield is an appropriate setting for the UK's first dedicated Cricket Research Centre. It is a hotbed of local cricket and for many years Yorkshire used to play regular fixtures at Fartown, home of the former Huddersfield CC. Two of the most famous Yorkshire and England cricketers - Wilfred Rhodes and George Herbert Hirst - were born in the town, and Lascelles Hall CC (located close by) has a claim to being the 'Hambleton of the North' on account of the number of Yorkshire and England cricketers it produced in the late nineteenth century. In recent years, there has been significant research in the area of cricket history at the University of Huddersfield, including the £50,000 community project, 'The Cricketing Heritage of Calderdale & Kirklees' - the first sport-related project to be funded by the Heritage Lottery Fund.

Recent initiatives include:

- A new qualification – Postgraduate Certificate in Cricket History and Literature (currently undergoing validation).
 - A new archive at the University of Huddersfield – 'The Yorkshire Cricket Collection'.
- Dr Peter Davies and Dr Rob Light working on a new book for MUP: *Cricket and Community in England since c.1860: A Social and Cultural History* (2011).
 - Dr Peter Davies and Dr Rob Light to edit a special issue of *Sport in Society* on 'The Ashes' (2011).

We welcome proposals for conference papers on the following themes:

* **Community, communities and imagined communities**
* **Competition**
* **Identity**
* **Gender**

* **Race and religion**
* **Work and leisure**
