

WELCOME TO DALTON FOLD

Dalton Fold – one of the most famous cricketing venues in Yorkshire – can look very different, depending on whether the sun is out, or in!

The pavilion-cum-scorebox is a large white concrete structure, which gives the players a side-on view of the action.

KEEP HIM
RICKY

Dalton Fold is pretty high...but not as high as Castle Hill, which overlooks the ground from afar.

On some summer Saturdays it can be very grey and murky...

...but on others it can be sharp and sunny.

There is action out in the middle, but also on the boundary edge...
