

HOME SWEET HOME

Local cricket fans have witnessed the success of the Club in recent years, and are hungry to see more.

On a hot, sunny day, the long grass that surrounds the playing area can be both soothing and cooling.

With a lick of paint, a building like this...

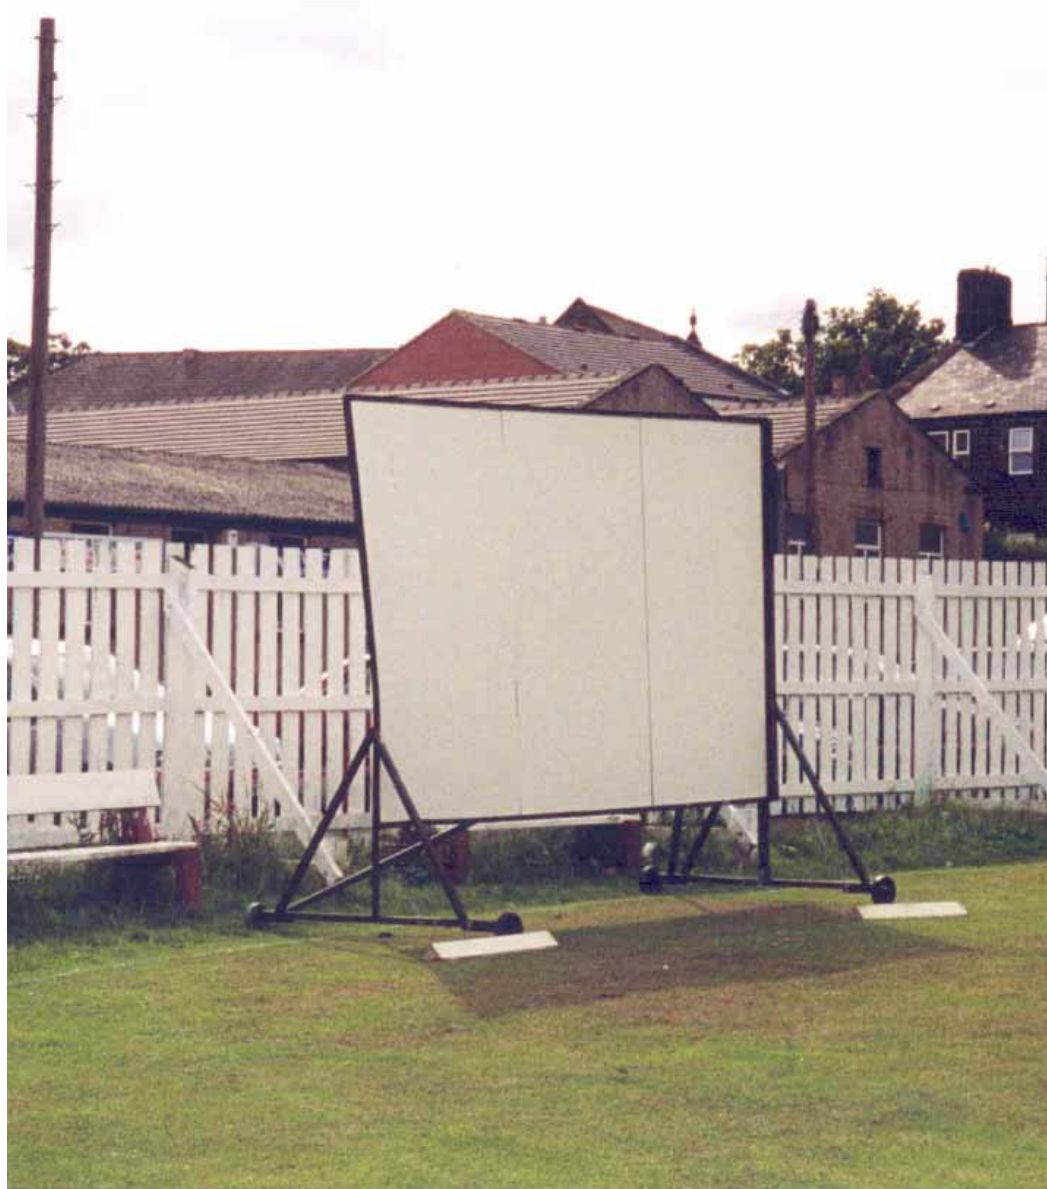

...can be transformed into one like this!

The wicket is well cared for.

And the sightscreens perfect for 'seeing' the ball.

What could the umpires and players possibly be waiting for?

Why, the teatime sandwiches of course!
Looks delicious!
