

HANGING HEATON CC

BENNETT LANE TODAY

Hanging Heaton and Hanging Heaton Cricket Club lie right on the border of Batley and Dewsbury.

According to the Bradford League authorities, Bennett Lane is a ***'compact ground with excellent off-the-field facilities...The spacious clubhouse is excellent with its huge picture windows offering superb viewing down the line of the wicket.'***

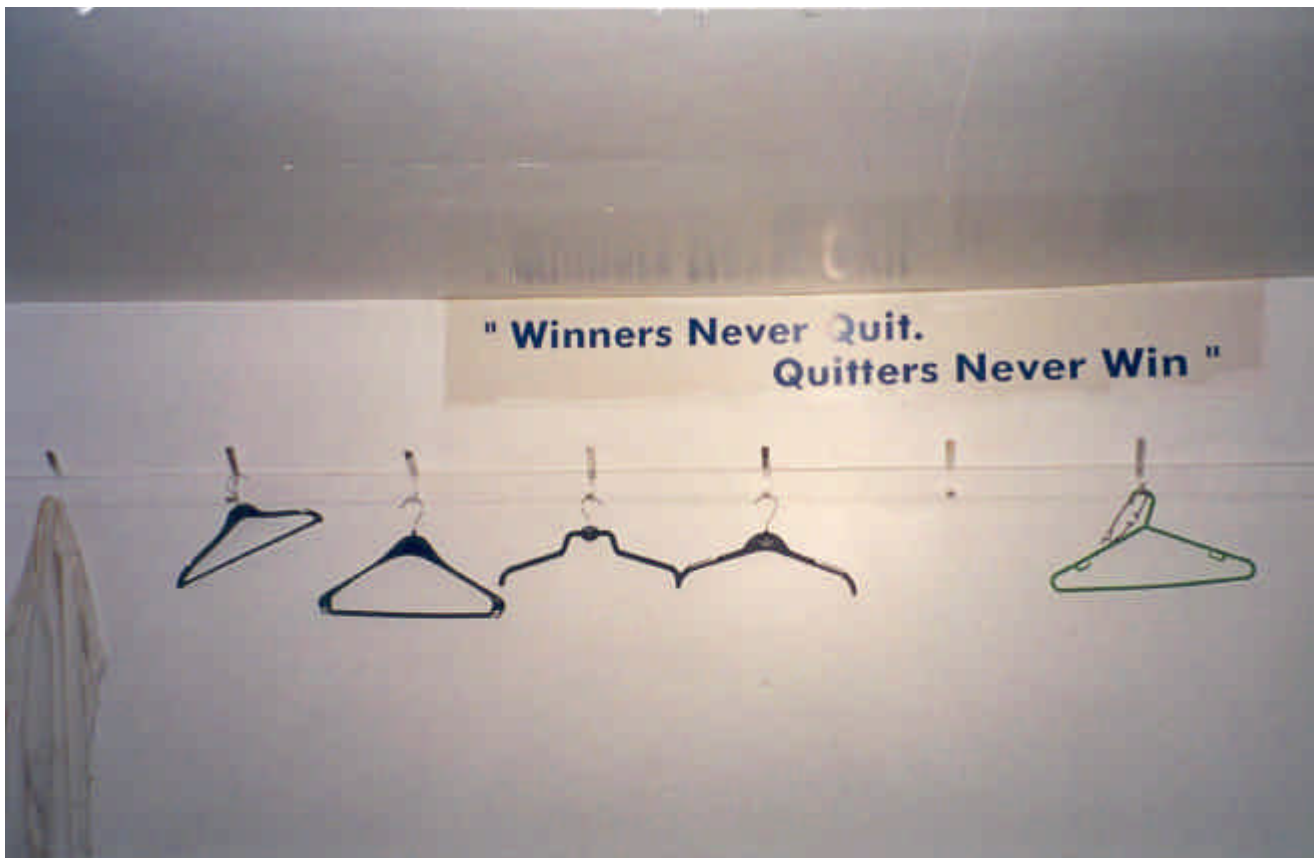

The clubhouse is particularly handsome – and incorporates bar and kitchen downstairs (the Club is famous for its excellent refreshments!) and changing rooms upstairs. There is also the Brian W. Wilkinson Lounge and some rather grand trophy cabinets.

The Club have always played at Bennett Lane – though, from time to time, the clubhouse has been refurbished and extended.

The dressing room walls offer lots of advice...

...and the view from the balcony is excellent.

Bennett Lane is a well appointed ground.

What is unique about the venue is the row of 22 handsome poplar trees located diametrically opposite the clubhouse. Experts say that 230 is a par score on the Bennett Lane wicket.

There are always plenty of spectators – and vehicles – in attendance.
