## A NIGHT AT THE DOGS AND A CHANCE TO RAISE HUNDREDS OF POUNDS FOR YOUR CLUB!!

Fundrazor nights provide a unique fundraising opportunity for grassroots and community based sports clubs and to date the promotion has helped teams up and down the country raise over £700,000 towards club development.

As a result of this success we have added additional nights to the fundrazor.com calendar. So if your team is interested in having a great night out at the dogs whilst raising a significant amount of money for club funds then please join us on one of our future events!

600 tickets will be made available for each event and will be sold to clubs on a first come first serve basis. **The tickets include free entry and a race card!** The tickets have a face value of £5.00 but will be sold to teams for **only £1.00**. It's up to you what you sell them to family and friends for but if you purchase the minimum requirement of 50 and sell them for the face value you can raise £200 for your club. You're only limited by the tickets available so if you want to buy more and raise more money then go ahead!

The demand has been high so if you are interested we advise you to register and purchase your tickets as soon as possible. Tickets can be purchased via Paypal, bank transfer or over the telephone. As soon as we receive your payment the tickets will be sent to you immediately. Please find contact details below:
