

The 19th-century Pavilion

The site of the pavilion was used as the playing surface of the ground

Some of the earliest pavilions in Denby Dale in 1887 - and during the period the two clubs were former rivals

When Denby Dale moved to Gifford in 1908, the pavilion had to show their versatility. With facilities at a minimum, they were forced to wear their wicket in a nearby field after the game!

### 11 FINE MEN

1905 - TEAM PHOTOGRAPHY

There are interesting aspects of this photo: the eleven, the non-very-functional caps, and the size and low-lying (which wouldn't have been seen on the field of play). In 1905 the idea of a cricket team wearing a coordinated set of white was still some time away.

### KING KIDS!

1911 - COLLEGE SCHOOL TEAM WITH TROPHY

In the early twentieth century, Denby Dale C.C. were the only successful school team in the village.

The photograph shows the Denby Dale Cricket School with following victory in the final of the Yorkshire & Lancashire Schools Cricket League in 1911.

### INTO THE BIG LEAGUE!

1905 - HULLSHIRE LEAGUE

Denby Dale had the honour of being the first team to play in the Yorkshire Cricket League in 1905.
