

# Lidgett Lane, Skelmanthorpe CC

Present Day Map

The origins of Skelmanthorpe CC are uncertain but we do know that they were playing fixtures in the 1870s. Today, Skelmanthorpe's impressive ground on Lidgett Lane (#38) is situated just off the B6116 from Huddersfield into Scissett. You see a charity shop, a church, an exotic restaurant called Volare, and also the community fire station as you near the ground. The Ordnance map of 1906 shows Lidgett Lane clearly. At the time the map was made, the lane was surrounded by empty fields and certainly not the built-up area that can be seen now when visiting the club.
